

November 17, 2020

Dear Parents/Guardians,

Hard to believe we have finished 12 weeks of the school year already !!! And I am pleased to share the number of positive COVID cases has been relatively small for the number of students and staff we currently have in the three buildings.

Unfortunately, the same cannot be said for the community at large across Ohio. Recently, each day brings record numbers for new cases. Governor DeWine is on the verge of mandating closures of bars, restaurants, gyms, and other venues.

I believe Governor DeWine will leave the schools open for as long as possible. In-person learning is important for the students and takes a great deal of pressure off the families.

Thank you to all parents for your patience as we worked through some difficulties early in the year. We had to take a closer look at the way we staffed rooms and used substitutes. We did everything possible to limit the interruption to any classroom.

We promise to continue to do everything possible to keep our students and staff as safe as possible.

Please be safe as you enjoy the upcoming holidays. This is the time of year when we like to gather in larger groups to see family and friends. Please be diligent about doing so with face coverings, socially distanced, and aware of anyone showing any signs or symptoms.

If we are united in practicing precautions, this virus will pass. A brighter future lies ahead and we want to make sure all our loved ones are around to share it with us.

Thank you for helping us keep everyone safe!!!!

Sincerely,

Paul J. Garchar Jr.  
Chief Executive Officer
