

January 15, 2021

Dear Parents/Guardians,

Goodbye 2020 and welcome 2021!!!!!!

2020 was certainly a year like we have never seen and hopefully never see again! It was a year full of challenges for each of us. We appreciate your patients and cooperation as we continue to work together to meet the educational needs of the students during the pandemic.

Looking forward to 2021, we are all happy a vaccine has finally been developed. We hope it provides us some steps back to a “normal” life if that is possible. Right now, the vaccine is not eligible for individuals under the age of 18.

We are currently working with the Youngstown City Health Department to have the Covid-19 available for our staff and projected for the month of February. Currently, we are not making it mandatory for the staff to receive the vaccine.

We will continue to follow all COVID-19 protocols and guidelines to keep students and staff safe.

We are wishing you and your family a happy and healthy 2021!

Sincerely,

Paul J. Garchar, Jr
Executive Director
