"The Bill Roux Memorial Scholarship was a great blessing to me and my classroom! I'm so thankful to work at Potential Development where opportunities like this are possible. I attended Youngstown State University for my master's degree in special education, focusing on autism.

In all of my classes at YSU, I learned how to support the unique needs of students with autism. I have incorporated many new strategies from my coursework into my daily classroom routine.

All in all, because of the Bill Roux Memorial Scholarship, I gained new insight into autism. Thank you Bill Roux Memorial Scholarship for helping me grow as an educator, and helping me learn more about children with autism. I feel even more confident to meet their needs, and help them reach for the stars!"
